GAME CHANGER!

Not Just a Pretty Face

Designer Giambattista Valli teamed up with M.A.C for five pretty matte lipsticks. The genius part: Each tube matches the color inside, making it easier to find the one you want when you're riffling through your bag.

SAY YAY TO THE FRAY

Roughed-up edges are no longer *just* for your cutoffs. In a new capsule collection, J Brand has introduced the cool-girl detail on less-expected denim pieces, such as jackets, dresses and crop tops (\$178-\$428). Everything comes distressed at the collars, sleeves and hems to give you a cool, casual look that's ideal for summer. Try mixing one of the pieces with a more polished item (this top would look great with tailored white pants) for a totally chic contrast.

VIVA AVIVA'S CROP TOP

KATE'S BRAIDED PART

Kate Bosworth

“The ‘spine’ braid is definitely becoming a thing. I love how Kate’s version subtly snazzes up her part. DIY-ing it is surprisingly easy. Her stylist Bridget Brager just braided an itty-bitty section from the crown forward, then pinned it and tucked the long ends behind her ears.”

STEP 1 MIRACLE SILK SHAMPOO

Silky, smooth hair starts in the shower. To create lustrous shine while enhancing manageability, massage throughout hair and rinse.

STEP 2 MIRACLE SILK HAIR MASK

With help from the collection's signature silk ingredient, eri, this mask instantly detangles hair, imparts silkiness and locks in moisture. Just work into hair for one to three minutes after shampooing, then rinse.

STEP 3 MIRACLE SILK CONDITIONER

This time-saver in a bottle will literally cut your drying time in half. For vibrant and voluminous hair, apply after mask all over hair then rinse thoroughly.

STEP 4 MIRACLE SILK SMOOTHING BALM

Detangle and lock in that silky look by applying this balm to wet hair after conditioning.

STEP 5 MIRACLE SILK LEAVE-IN

For the ultimate frizz-free, voluminous look, nourish your hair with this restorative, styling leave-in treatment and benefit from silky, shinier hair and strengthened strands.

STEP 6 MIRACLE SILK INTENSIVE HAND CREAM

For equally smooth and silky skin, massage this soothing cream into your hands to reveal a younger, healthier and more revitalized appearance.

Q+A

WITH FASHION DIRECTOR **KATE DIMMOCK**

Q: I keep seeing all these cute off-the-shoulder tops and dresses. Are they appropriate for work?

A: This is one of my fave trends of the moment! If you work in a more casual office, you can definitely try it. Balance it with something more covered up. For example, pick a dress that has a longer skirt. The more demure bottom offsets the show of skin up top.

Q: I have a few outdoor weddings coming up and want to use shapewear to smooth me out—any suggestions that won't be unbearable in the heat?

A: There are plenty of great summer options. Go for breathable mesh versus a more dense fabric—it smooths just as well but is a lot cooler. Also, look for laser-cut hems. They won't create lumps under thinner dresses.

Q: I love the look of knee-high gladiators, but have no idea what to wear with them. Help!

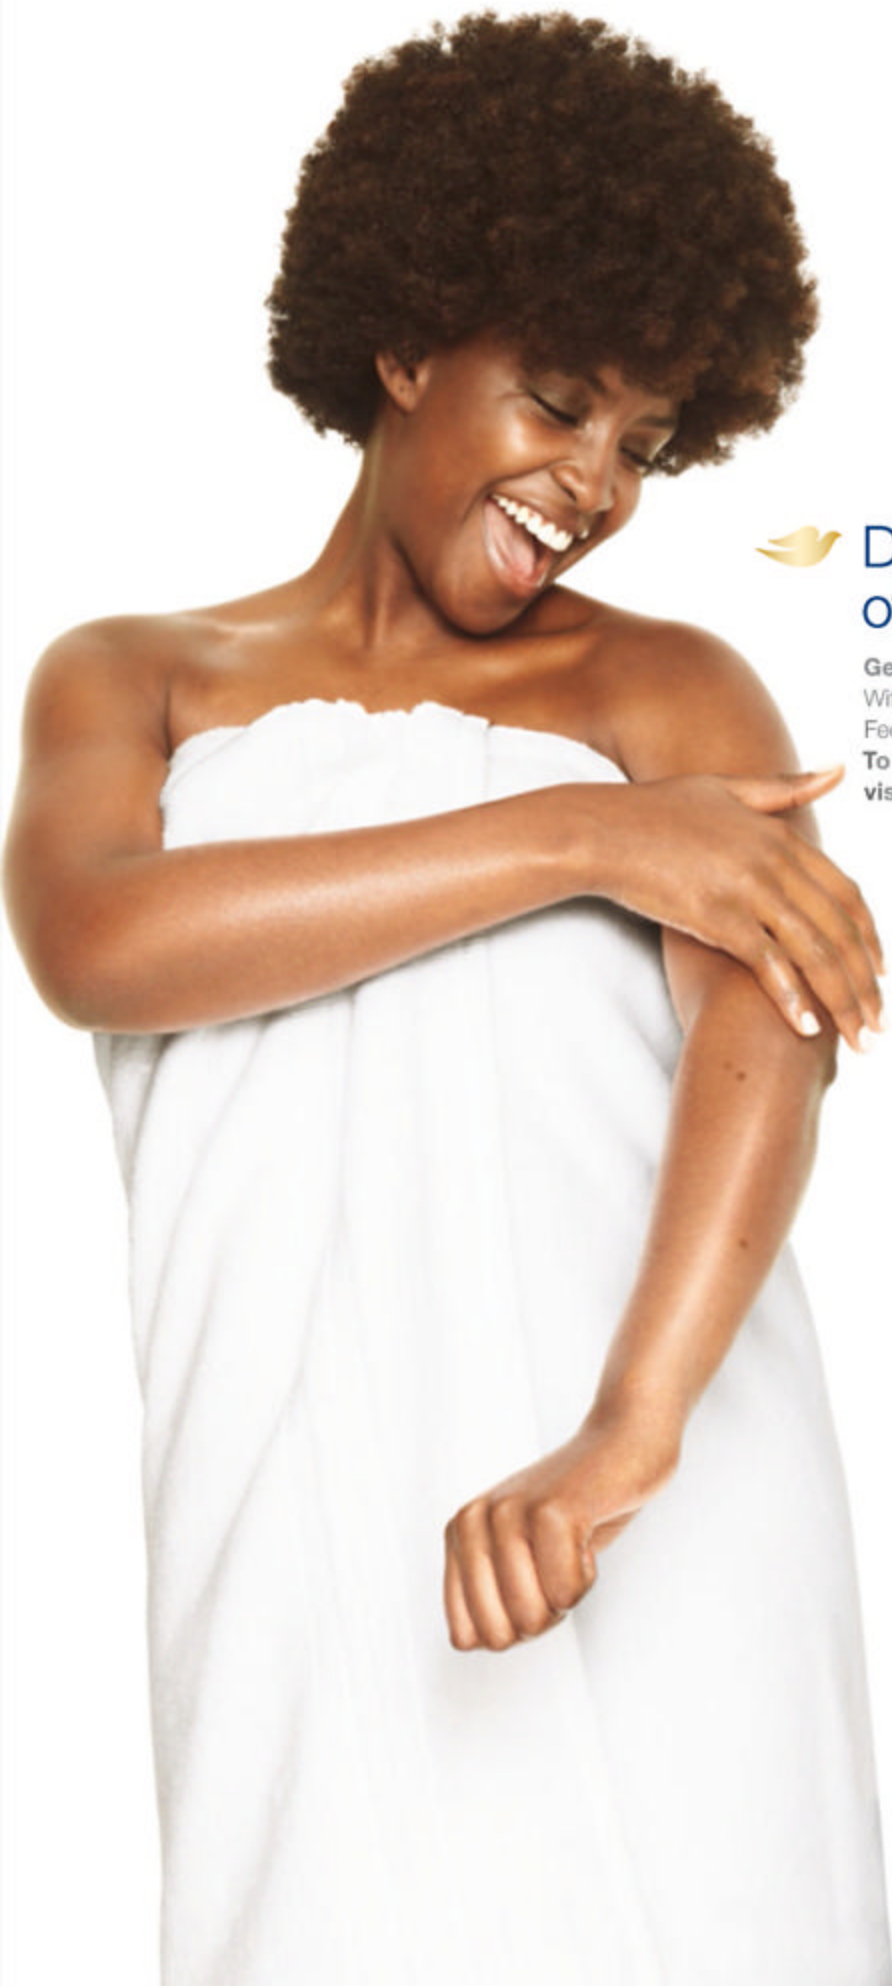

A: I totally feel you—they do look intimidating, but I promise you can rock them. Just keep these things in mind: They will be the star of your outfit, so pick pieces that won't compete, like a simple tunic dress. Then, make sure there's a bit of skin between your hem and the top of your sandal, to keep your look balanced. Lastly, I would opt to wear them with something that has a little volume. Gladiators fit tight to the leg, so contrasting that with a looser cut dress or skirt keeps your look chic.

And when you're craving something sweet, indulge in **NEW Special K** Divine Fudge Brownies.

HOW TO WEAR IT

IF YOUR LIPS ARE THE STATEMENT

Go for a glossy formula and keep the rest of your makeup minimal—the high shine finish will light up your whole face.

IF YOU WANT TO DO EYES, TOO

Opt for a creamy or matte lipstick. Then go for earthier tones on the rest of your face so it's not too much, says Kara Yoshimoto Bua, Chanel celeb makeup artist.

Chrissy Teigen

Flat-iron braids for supereasy waves

Separate hair into two sections (do four if your hair is really thick) and braid them. Run a flatiron down each braid once or twice, says celeb stylist David Babaii. Once they're cool, gently shake out strands and you'll be left with effortless texture à la Chrissy Teigen.

SOOTHE A SUNBURN WITH ALOE VERA ICE CUBES

Fell asleep in the sun? Fill an ice-cube tray with aloe vera gel, freeze it and rub one of the cubes all over your sunburn. Not only does the iciness feel amazing on your scorched skin, but the aloe vera calms and reduces swelling, says naturopathic physician Dr. Nigma Talib. Oh, and next time, don't forget to apply sunscreen!

SWEAT-PROOF YOUR MAKEUP WITH ANTI-PERSPIRANT

Pick a solid formula—go for the natural, unscented kind. Apply it to a damp sponge, then dab it on the areas where you perspire (think your T-zone, hairline and upper lip) before you put on makeup. It fills in your pores to control sweat, says celeb makeup artist Troy Surratt.

Blur cellulite with face primer

Yep, the same product that magically smooths your pores can even out dimply skin. It puts everything in soft focus—just like an Instagram filter. Opt for a silicone-based formula and layer it on top of lotion or sunscreen on beach days, says makeup artist José Rivera.

Q+A

WITH BEAUTY DIRECTOR HOLLY CARTER

Q: How can I keep sunscreen from stinging my eyes?

A: It starts with picking the right one. Try a mineral formula with zinc oxide or titanium dioxide. Those ingredients tend to be less irritating than chemical-based formulas, says N.Y.C. dermatologist Dr. Patricia Wexler. She also warns not to apply it too close to your eyes—leave a half-inch border around them. Make sure to apply your SPF at least 20 minutes before going outside. That way, it's less likely to slide into your eyes if you get sweaty. And, of course, always wear polarized sunglasses for extra protection.

Lily Aldridge

Q: When it's warm out, my hair goes POOF! How can I fight the frizz?

A: It's all in how you prep your strands. Post shower, try scrunching hair dry with paper towels instead of your regular bath towel, which will cause frizz-making friction. Then, apply an alcohol-free serum to damp hair and if you're blow-drying, do it on medium heat. Using a curling or flat iron can also help seal and smooth down the cuticle. If fly-aways pop up throughout the day, apply some serum to a makeup sponge and pat down the fuzz.

Q: My shadow melts off in minutes. Suggestions?

A: First, your eye cream could be to blame—if it leaves lids a little oily, your shadow will come right off. Try switching to a lighter formula. Second, using a shadow primer will help your color stay put. Apply it to lids and wait a few seconds before doing your eye makeup. I use eyeliner first, blend it out and then add a matching shadow for a look that *really* lasts.

Q. What is your summer style staple?

A. My summer style staple is a sexy heeled sandal with a metallic ankle strap, simple but gives a bold statement to spruce up any ensemble.

Q. What's your typical daytime summer outfit?

A. Hot summers call for midi jersey dresses. I love how comfortable and versatile these dresses are. Whether you want to be casual, chic or somewhere in between; adding embellished sandals and a pair of aviators make a winning summer look.

Try a Crop Top

“

Pick one that hits right below your bust—it's your smallest point and will give you a nice hourglass shape. Then, try pairing it with something high-waisted (like jeans or a pencil skirt). It's sexy, but you're only showing a bit of skin, so you'll still feel comfortable.”
